Chair, Vaughan Public
Library Board

Welcome to **What'sOn**
at the Library.

As part of Vaughan Public Libraries' goals for 2014, the Library Board challenged management and staff to investigate new channels and methods for delivering library collections and services. To meet this goal VPL has implemented floating collections and several new delivery methods. With floating collections, library materials migrate to the locations where they are most requested. Our new delivery methods include digital streaming of movies and music as well as digital downloading of magazines. A new VPL app is available for Apple and Android devices that provide access to many of our library resources. We would love to hear what you think of some of these new channels and methods. We encourage you to provide your feedback through the VPL website at www.vaughanpl.info under the *Contact – Feedback and Suggestion* link. Let us know what we can do to provide you with new opportunities and resources that **Enrich Inspire Transform.**

Using Your Library

Make the Most of Your Membership

Get a Library Card. It's free!

With a library card you have free access to books, movies, magazines, music, databases, programs, events, resources and more at all seven branches of Vaughan Public Libraries (VPL) and online at www.vaughanpl.info!

Don't have a library card? If you live, work, go to school full-time or own property in the City of Vaughan, you can get a **free** library card. Join VPL in person or online—just show identification that has your address, registration or proof of employment in Vaughan on it.

Children can get their own library cards. If they are 13 years old or under, they just need their parent or guardian to sign for their library card.

If you don't qualify for **free** membership, you can still join. Please phone 905.653.READ (7323) for details.

Visitors

You don't have to have a library card to consult library staff or use the print collections on site. If you wish to use the library's electronic resources, just show staff your identification at the Service Desk.

Library Services - in person, online or on the phone

All branches have materials for reference and loan. The most comprehensive reference collections are held at Bathurst Clark Resource Library and Pierre Berton Resource Library.

Materials are available in over 16 different languages to meet the needs of our diverse community.

Friendly, helpful staff are always available to assist you in your search for information, to advise on leisure reading, or on materials appropriate to your child's reading abilities.

Telephone service is available during open hours. Qualified staff will answer your information and reference inquiries, check your account on your behalf and provide details about library services and programs.

Most library services are available online. You can join the library, browse the catalogue, check your account, place a hold on items, search databases, download an Audiobook, eBook, video and much more. You can even submit your reference inquiries by email and get an answer within a few hours, 24/7. See page 15 for a complete list of services available. Access library services on your mobile devices at m.vaughanpl.info.

Stay in Touch Through Text or Email

Sign up for either email or text notification to enjoy enhanced library services. Add your email address to your library account so that you can reset your PIN without visiting the library, and also receive email confirmation of successful renewals through the online catalogue, due date reminders, holds notifications and of course, those pesky overdue notices.

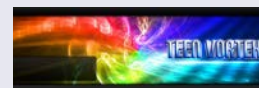

Plus you can also choose to get text notifications for your library items and renew them via text. Visit the Service Desk or www.vaughanpl.info/library_notification_requests or scan here to sign up!

Don't miss a thing!
