You can now PRINT

from your own computer in the library!

VPL introduces web-based printing. Follow these simple steps to send your print job to a public printer from your own computer or Android device.

1. Go to https://webprint.vaughanpl.info

2. Type in your library card number

3. Upload your file(s) for printing and set any specific printing parameters (double-sided, colour or B&W, number of copies)

4. Head to the print release station to pay and print
